Mauricie Overview

Mauricie, a welcoming region in Québec that offers natural and astounding beauty, less than 90 minutes from major urban centres. Mauricie is beauty at your doorstep.

Geography

Mauricie is located in the heart of Québec. 80% of the population of the province is only a 90-minute drive away! With nearly 40,000 km² of territory, Mauricie is an immense and well-proportioned area that has much to offer, including 17,500 lakes and many parks, vast forests, countryside and cities.

History

The region evokes lumberjacks, loggers, hunting, fishing and the industrialization of Québec.

On July 4, 1634, the first home was built at the mouth of the St. Maurice River by Sieur de Laviolette, who was sent by Samuel de Champlain, making Trois-Rivières the second oldest city in Canada. Around 1730, an iron deposit allowed for the establishment of Canada's first steel industry, the Forges du Saint-Maurice, which contributed to the economic development of the region for over 150 years. Then came the hydroelectric dams built on the raging St. Maurice River. In Shawinigan, the development of hydropower was to become Québec's energy source of the future. La Mauricie has a rich historical past!

Culture

Mauricie resounds with tales, legends and folklore. Its spirit is embodied by the fur trader Radisson, storyteller Fred Pellerin, and author Bryan Perro.

In addition, Saint-Élie-de-Caxton never ceases to amaze us with its Culture Garage and the legendary creativity of its people! Not only is Trois-Rivières the regional capital, it's also the city of poetry, as well as being the home of an impressive amphitheatre located on a site where the St. Lawrence and St. Maurice Rivers meet. You cans also discover the new coliseum in distric 55..

Ambiance

Mauricie has close to 30 festivals, including the renowned Festival Western de St-Tite, wild nightlife on rue des Forges in Trois-Rivières, a dozen unique microbreweries, terrific nature for outdoor activities in a national park of 536 km^2, 80 outfitters and the World Biosphere Reserve of Lac Saint-Pierre, the Gouin Reservoir with its 1,800 km^2, tomcod fishing, 2,800 km of snowmobile and ATV trails, the Old Trois-Rivières historic district, the Cité de l'énergie and its 115 metre tower, Hôtel Sacacomie with its impressive log construction and the tranquility and peace of the Baluchon Eco-resort. Mauricie has so much to offer and visitors are welcomed with open arms!

Character

Mauricie is like the beautiful girl in the apartment next door who is welcoming, friendly and unpretentious. She may even lend you a cup of sugar if you ask nicely! It's like having a great neighbour next door who you can always visit.

Mauricie is the ideal place for great getaways. Enjoy your stay!

Our slogan, So Close, represents our pluralistic perspective: our closeness to people and our territory. Located about 30 minutes from Trois-Rivières and less than an hour from Québec City, the MRC of Chenaux is an unexplored gem. But if you take the time to travel our roads, you will discover the treasures hidden in our 10 municipalities.

Let yourself be carried away by the richness of our heritage buildings by browsing the Sacré circuit visiting route. Listen to a podcast about the circuit, La voix des bâtisseurs (in French only), visit a maple sugar shack during sugaring-off season or go meet our producers, market gardeners and restaurateurs throughout the area.

The MRC des Chenaux is a lesser-known territory crossed by two rivers that have a reputation for being unpredictable. The Sainte-Anne River is serene in summer and shines in winter with the lights from the ice fishing cabins. In the Parc de la rivière Batiscan, the river shimmers, with waterfalls that can be tranquil, and other times flow abundantly.

So Active!

There are great activities to do in the MRC of Chenaux in every season. Put on your courage vest and surpass yourself by climbing the Via ferrata at the **Parc de la rivière Bastiscan.** Don't forget to cross the river on the zipline at the end. Walk in the trails, admire the falls and let the roar of tumbling water accompany your journey. At the **Domaine enchanteur,** big thrills await you in the suspended labyrinth, an aerial course of 70 modules. In winter, you can cross 15 km of ice-covered trails through the animal parks in the domain. In the MRC of Chenaux, you can also take a horse-drawn carriage ride in the forest, wrapped in a warm blanket, and why not go tease the tomcod on the Sainte-Anne River while you are cozy and warm in a small fishing cabin, there are so many activities to choose from.

So Gourmet!

Come savour the delicious products available in our region. During the summer, it is so much fun to go fruit picking in the fields. Our producers offer you a great variety of fruits: strawberries, raspberries, blueberries, apples and even pumpkins in the autumn. On your way, make a gourmet stop at the local businesses in the MRC: microbreweries, a cheese maker, bakeries, vineyards, market gardeners, breeders, gourmet food shops and stands with local products are waiting to welcome you. **We are So Close to our terroir.**.

An area with so much to offer, where you are sure to find unforgettable moments!

La Mauricie National Park, an Open-Air Playground

A great base camp for your outdoors adventures, come get your dose of nature at La Mauricie National Park! Summer trippers: you are going to love the hiking, canoeing and waterfalls. If snow is your thing: marked trails and heated cabins are great for snowshoeing and cross-country skiing.

During the day the park is magnificent and at night it is truly majestic! Some people say they have never seen so many stars in the sky. You can observe them from one of the 3 camping sites, around an open fire or lying on a picnic table. And if you like falling asleep to the sound of flowing water, your best bet is to book a canoe-camping adventure.

City of Energy

The internationally renowned scientific tourist site presents the permanent exhibition PLANÈTE ÉNERGIE, an exhibition designed with 20 interactive terminals and the multimedia show that reveals the delicate balancing act between nature, energy and human society, all through a planetary perspective. The site also includes the spectacular exhibition MUSEUM OF PRIME MINISTER JEAN CHRÉTIEN, Canada in the World, which showcases the many protocol gifts offered to the Prime Minister of Canada during the exercise of his functions, the Hydro-Québec observation tower of 115 metres, with its larger-than-life panoramic view of the Mauricie region and a visit to the century-old Shawinigan-2 Hydro-Québec Power Station, a jewel of Quebec's hydroelectric heritage.

Accessibility

Québec for All: Accessibility for People with Disabilities

514 252-3104
QuebecForAll.com

Kéroul assesses the accessibility of different businesses based on a set of criteria recognized by Tourisme Québec. It's platform Québec for All offers a wide range of cultural and tourist information for visitors with reduced mobility.

The accessible rating means that the establishment meets all the accessibility criteria and offers a satisfactory visitor experience for the majority of people with reduced mobility.

The partially accessible rating means that the establishment meets the main accessibility criteria but has some missing elements that could affect the experience of some people with reduced mobility.

Companion Leisure Card (CAL)

The Companion Leisure Card (CAL) grants free admission to the accompanying party of a disabled person and is recognized by leisure, cultural and tourist organizations. Get the card online.

Travelling in Québec

Bars, casinos and purchasing alcohol

You must be at least 18 years old to enter bars, pubs, nightclubs and casinos, as well as to purchase or consume alcohol (be prepared to produce ID if asked). Wines and spirits are sold through the Société des alcools du Québec (SAQ), the provincial liquor board. Beer is available at grocery and convenience stores, which also stock a limited selection of wines.

Currency exchange

There are numerous exchange offices in Québec's main urban centres. Airports also offer exchange services. Some businesses accept American money, but tend to offer a less competitive rate than the exchange offices.

Driving in Québec

Since Canada uses the metric system, speed limits and distances are posted in kilometres per hour (km/h) and gasoline is sold by the litre (l).

Cell phones

Use of a cell phone is prohibited while driving.

Drugs and driving

This Act introduces a zero-tolerance principle when it comes to drugs and drivingby prohibiting anyone from driving a vehicle if there is a detectable presence of cannabis or any other drug in that person's saliva. Offenders are subject to an immediate 90-day suspension of their driver's licence.

According to the law, you must be at least 21 years old to purchase or consume cannabis (be prepared to produce ID if asked). The legislation also includes other measures, such as the prohibition from consuming drugs (cannabis or any other drug) in a road vehicle, on an off-road vehicle or on a bicycle.

Winter tires

From December 1st to March 15, all taxis and passenger vehicles registered in Québec must be equipped with winter tires. This requirement also applies to rental passenger vehicles in Québec.

Road conditions

For information on road conditions or other aspects of trip-planning, call 511 or 1 888 355-0511, or visit quebec511.info.

Tourist routes

The official tourist routes are clearly marked with blue signs. They are designed to highlight the attractions of the regions through which they pass, and to enable visitors to discover the extent of Québec's natural and cultural treasures. bonjourquebec.com/en-ca/where-to-go/routes-and-itineraries.

Tourist signage

In Québec, tourist regions and directions to services, attractions and activities are indicated by blue road signs. For more information, visit panneaubleu.com and tourisme.gouv.qc.ca/signalisation (in French only).

Village-relais accredited services

If you feel like taking a break or require assistance while on the road, look for the Village-relais signs. These point to villages that, together with local businesses, offer a range of accredited services and a safe and pleasant place to stop. villages-relais.qc.ca.

Voltage

In Québec, the standard voltage is 110 volts/60 cycles, as it is throughout North America. Since the outlets cannot accommodate European plugs, you will need to bring or buy an adaptor.

Making a comment or conveying dissatisfaction

If you wish to comment on or are dissatisfied with the tourism services you received in Québec, please contact:

Alliance de l'industrie touristique du Québec
1 877 686-8358, option 7
comment@alliancetouristique.com

Canadian currency

The legal currency in Québec is the Canadian dollar (CAD), which is divided into 100 cents. Bank notes are available in denominations of 5, 10, 20, 50 and 100 dollars, and coins in denominations of 5, 10 and 25 cents as well as 1 and 2 dollars. Bank cards and major credit cards are also accepted almost everywhere.

Tipping

Tipping is customary in restaurants, bars and taxis. The amount, which is not included in the bill, is generally equivalent to 15% of the total bill before taxes. For quick tip calculations, Québecers normally add up both taxes. Tipping bellhops or porters is at your discretion (generally, $1 per bag).

Taxes

Québec has two taxes: the 5% federal goods and services tax (GST), and the 9.975% Québec sales tax (QST). An accommodation tax of 3.5% of the room price per night also applies in our region.

SOS Poaching

If you witness an act of poaching or any act against wildlife, please report it to a wildlife protection officer.
